

Garant
eco BMT longitudinal toolholder, BMT: 68

Order data

Order number	319884 68
GTIN	4045197877376
Item class	31V

Description
Version:

High-precision arbors adapted to the specific machine, for flexible use on main and counter-spindle machines. Contact face and functional face ground. Spring-mounted pressure pad for uniform clamping of the turning tools. Perfectly matched for the respective lathe. With secured ball injection nozzles up to 80 bar. Burnished for better corrosion protection.

Suitable for efficient cooling systems such as GARANT eco, but also for other systems. Suitable for conventional toolholders.

Application:

Mainly for external machining.
