

LED magnifying glass lamp, Lens Ø: 153 mm

Order data

Order number	491494 153
GTIN	4045197565457
Item class	41M

Description

Version:

Innovative design of magnifying glass lamp for the most demanding applications. Large viewing area with Ø 153 mm for distortion-free viewing. Robust jointed arms of aluminium and high performance plastic, well balanced with spring restraint, hold the exact position. Joints enclose and protect the cabling internally.

- **Absolutely scratch-resistant glass lens - for distortion-free vision.**
- **3D head joint for individual adjustment and fixing.**
- **Illumination: 48 high-power LEDs, power consumption only 14 W. Light intensity 6000 Lx, can be steplessly dimmed down to 10 %, LED working life up to 50,000 h.**
- **The segment circuit (visualiser) permits lighting effects that emphasise the structure. Colour reproduction stage 1A for brilliant rendering of colours.**

Application:

Meets the highest standards for vision and ergonomic use in the laboratory, production, assembly, quality assurance etc.

Supplied with:

With plug-in power supply adapter 100 - 240 V, 50/60 Hz, lens cover and table clamp No. 491492 size TK.

Attention:

German version. Order free UK adapter plug No. 08 1174_GB.

Note:

This lamp incorporates built-in LED bulbs. The LED bulbs cannot be changed within the lamp. Energy efficiency class: A

Magnification (x-times): 2
Head Ø: 250 mm
Length of the jointed arm A: 500 mm
Length of the jointed arm B: 484 mm
Throat: 1356 mm
Energy efficiency class : A

Technical description

Throat	1356 mm
Length of the jointed arm A	500 mm
Length of the jointed arm B	484 mm
Head Ø	250 mm
Lens Ø	153 mm
Magnification (x-times)	2
Number of LEDs	48
Energy efficiency class	A
