

Ear defenders, dependent on noise levels Peltor™ ProTac™ III

Order data

Order number	097786
GTIN	4054596123229
Item class	04A

Description

Version:

Ear defenders with attenuation technology dependent on noise levels. Pulses of noise or loud noises are damped immediately. The background noise level is **adjustable in five steps** in order to avoid acoustic isolation and permit conversations. With a 3.5 mm jack for an external audio input. This also permits a connection to a **smartphone**. Phone signals or calls are routed directly to the ear. If necessary a **radio device** can also be connected. SNR = 32 dB (H = 34 dB, M = 29 dB, L = 22 dB).

Combines hearing protection and headphones.

Standard:

EN 352-4

Supplied with:

With 2 AA batteries No. 081556 size LR6 for up to approx. 100 hours operation.

Note:

Hygiene sets are listed under No. 097767 size HY220

SNR value (noise attenuation): 32 dB(A)

Working time: 100 h

Weight: 355 g

Technical description

Data sheet

SNR value (noise attenuation)	32 dB(A)
Working time	100 h
Series	Peltor™ ProTac™ III
Number of batteries contained	2
Article no of the battery / rechargeable battery fitted	081556 LR6
Weight	355 g
Power supply	Battery-powered
Standard	EN 352-4
Type of product	Ear defenders

Accessories

Alkaline-manganese batteries International size LR6	081556 LR6
Hygiene kit Type HY220	097767 HY220
Noise indicator NI100	097305
Storage box	096920
