

# Set of engineer's files, 5 pieces, in a tool roll Cut 2, Length without tang: 250mm

### **Order data**

Order number	517200 250
GTIN	4009215074772
Item class	56B

## Description

#### **Version:**

The blanks are forged and ground; manufactured with an exact cut of even density and depth using special machines. These **non-convex files** have tooth profiles appropriate to each grade of file.

To protect the files, the set is arranged in a **strong transparent roll-up nylon wallet**.

Protected files cannot be contaminated and the cut is protected against damage; this ensures a consistently high removal rate, smooth file surfaces, and an extended working life. With impact resistant plastic handles.

**2nd cut** = Cut 2.

#### **Application:**

**Quality file** for workshop use with long tool life and high removal rate.

## **Supplied with:**

5-piece set of files with one each flat, 3-square, square, half-round and round file.

# **Technical description**

Length without tang	250 mm
Cut	2
Standard	DIN 7261

Type of product Engineer's file

# **User data**

	Suitability	$\mathbf{V}_{c}$	ISO code
