

3M**Respirators, set Series 8800+, Filter: P2V****Order data**

Order number	097100 P2V
GTIN	4054596076822
Item class	04M

Description**Version:**

The Premium Mask series 8800 + in Hybrid Design ensures an **optimum three-dimensional seal around the face**. Due to the **flexible material**, the mask adapts individually to the shape of face and permits **secure seal seating**. The mask is adjustable by the extra-wide **four-point band attachment**. The **3M™ advanced Electret filter medium** ensures easy breathing at consistently high filter effectiveness. This feeds the air optimally to the face. The **3M™ Cool Flow™ exhalation valve** allows dispersal of the exhaled heat and moisture, which also significantly reduces the occurrence of condensation on the glasses. **Can be re-used.**

Note:

This FFP2 mask filters at least 94% of all particles from the air, thus offering protection against liquid and solid aerosols. Respiratory mask FFP2.

Technical description

Protection class	FFP2
Manufacturer's designation	8825+
Contents	5
Product features	re-usable
Product features	all-round sealing lip

Product features	adjustable headband
Protection level	FFP2 R D
Set contents	5
Type of product	Particle filter mask FFP2
