

3M**Respirators, set Series 8300, Filter: P3V****Order data**

Order number	097102 P3V
GTIN	4046719975747
Item class	04M

Description**Version:**

The series 8300 pre-formed mask has many **comfort features** which combine reliable protection and high comfort for the wearer. A **long working life** is achieved by the use of **high-quality components** such as textile web straps and a stable mask body. The **M-shaped nose clip** quickly and easily adapts to all nose shapes. The accumulation of heat and moisture within the mask is avoided by use of the **3M™ Cool Flow™ exhalation valve**. The particularly soft inner fleece ensures safe and comfortable seating. **Low respiratory resistance** due to the high-performance filter medium. With all-round sealing lip. **Can be re-used**.

Note:

This FFP3 mask filters at least 99% of all particles from the air, thus offering protection against liquid and solid aerosols. Respiratory mask with protection class FFP3.

Technical description

Contents	10
