

Round electrode

Order data

Order number	473346
GTIN	2050001951472
Item class	47F

Description

Version:

Round electrode with integral conductive rubber. For leakage and surface resistance measurement according to IEC 61340.

Supplied with:

Includes a base pad to compensate for irregularities.

Technical description

Height	105 mm
Diameter	70 mm
Weight	2500 g
Type of product	Resistance measuring device
