

Half-face mask with integral filters Series 4000, Type: 4251

Order data

Order number	097211 4251
GTIN	4054596256156
Item class	04M

Description

Version:

The maintenance-free dust masks **with integral filter element (not replaceable) provide effective** protection against many common gases, vapours and particles in the industrial environment. **New improved design.** The series 4000 masks are very comfortable to wear and can be used immediately. On saturation, the filters should be disposed of.

Application:

For handling organic solvents, adhesives, and toxic dusts. Paint spraying mask, optimised for gases and vapours when **applying adhesives, paint spraying and varnishing.**

Standard:

EN 405:2001+A1:2009

Manufacturer's designation: 4251+

Protection level: A1P2RD
