Description

Version:

GARANT crimp system tool with certified interchangeable heads

- **Exact crimping due to linear action**
- **Increased versatility combined with reduced costs due to quick-change system - no tools required**
- **Guaranteed consistently good crimping results to DIN or EN due to factory-set interchangeable heads with integral positive barrier in the basic tool**
- **Reliable terminal positioning ensures the terminal is always seated correctly in the crimping mould**
- **Slim handy design makes it ideal for working in locations where access is difficult.**

With quick-change mounting (no tools required).

- **Sturdy steel body with compound action.**
- **Integral positive stop function.**
- **Linear stroke gives very precise results.**
