

Wood saw Laplander – Superior –

Order data

Order number	581580
GTIN	7311518172367
Item class	58Z

Description

Version:

Permanent **anti-friction coating** reduces friction (lower applied force) and increases protection against rust. Special tooth geometry for fast cutting of **green and dry timber**. Teeth precision ground, set and hardened.

Blade folds away with single-hand safety catch. Ergonomic 2-component handle of resilient easy-grip rubber.

Technical description

Length when blade folded away	230 mm
Length when blade opened out	405 mm
Type of product	Hand saw
