

PARAT®**Multi-purpose case with 4 drawers****Order data**

Order number	691720
GTIN	4006793194311
Item class	63X

Description**Version:**

With pull-out drawers made of unbreakable polyethylene, resistant against oil, acid, and petrol; can be divided individually using trays and dividers. When case is closed, even the smallest parts cannot intermingle. Front wall, side walls, and base are extra reinforced, edges are reinforced with aluminium trim.

Internal fitments: With 5 inserts (4 drawers, 1 carrying tray). The space between the inserts and the back wall (approx. 90 mm) can be used to hold additional tools. CP-7 tool gripper up to diameter 15 mm on the rear panel.

Supplied with:

Case, including dividing material: 4 centre dividers No. 691760

4 trays No. 691750

8 small dividers No. 691770

(sufficient to sub-divide 1 drawer).

Optional extras:

Dividers No. 691750 – 691770 and dividers set No. 691780.
