

Garant
Interchangeable crimping head, Type: 10

Order data

Order number	729626 10
GTIN	4045197293015
Item class	71B

Description
Version:

Accurate **parallel crimping** with 4 synchronously actuated crimping jaws. Rectangular DIN standard crimping = optimum contact.

- **Exact crimping due to linear action**
- **Increased versatility combined with reduced costs due to quick-change system - no tools required**
- **Guaranteed consistently good crimping results to DIN or EN due to factory-set interchangeable heads with integral positive barrier in the basic tool**
- **Reliable terminal positioning ensures the terminal is always seated correctly in the crimping mould**
- **Slim handy design makes it ideal for working in locations where access is difficult.**

Application:

For attaching terminals to wires.

Suitable for:

GARANT basic tool No. 729611.

Note:

Other interchangeable heads available on request.
