

**Weidmüller** **stripax® plus wire stripping and crimping tool****Order data**

Order number	729493
GTIN	4008190067267
Item class	73H

**Description****Version:**

Very sturdy, lightweight body made of glass fibre-reinforced plastic. The blades adjust automatically to the various cable diameters. The insulation is cut and removed in one operation. With length stop and wire cutter. Installed crimping station with magazine for terminal sleeves (on strips, incorporated in the handle).

**Advantage:**

**Cutting** and **stripping** the cable as well as **crimping** of terminal sleeves **with only one tool**, no need for laborious tool changes.

**Application:**

Wiring and installation work in small series production (e.g. control cabinet building).

**Optional extras:**

Terminal sleeve sets, 500 pieces each (10 strips with 50 pieces each) No. 729497 in sizes 0.5; 0.75; 1.0; 1.5; 2.5.

**Note:**

Only terminal sleeves strips No. 729497 from Weidmüller may be used. Feeding terminal sleeves from rollers can lead to defective work.

**Technical description**

overall length	210 mm
for conductor cross-section	0.5 - 2.5 mm <sup>2</sup>
