

## Electronic torque wrench, maximum torque: 135N·m

#### **Order data**

| Order number | 655345 135    |
|--------------|---------------|
| GTIN         | 4045197503831 |
| Item class   | 62E           |

### **Description**

#### **Version:**

**Units of measure:** Nm, lbfft, lbfin, kgfm.

Robust torque wrench with impact resistant casing, 2-component handle, large display and reversible ratchet. Easy operation using large input buttons. Visual and acoustic signal indicates achievement of the set torque **visually and audibly**. Two working modes; selectable between peak value display and following display. The working memory can store up to 50 torque settings. Sturdy plug-in ratchet with change-over wheel.

#### **Application:**

Torque control; controlled tightening of screws in a single operation or for small batch production.

#### Standard:

Geprüft nach DIN EN ISO 6789.

#### **Accuracy:**

Clockwise  $\pm$  2 %, anticlockwise  $\pm$  3 %.

#### **Cutting dataa:**

### Legend for drawing and formula:

- $I_1$  = Lever length without plug-in head
- $I_2$  = Adjusted reference dimension on the torque wrench
- $I_3$  = Lever length including factory calibration reference dimension
- $I_4$  = Reference dimension of the plug-in head
- L = Total length of the tool
- $T_1 = Torque to be set$
- $T_2$  = Specified torque

#### Note:

The guaranteed measuring accuracy of the torque is achieved only once the torque range has been calibrated to DIN EN ISO 6789.

# **Technical description**

| maximum torque  | 135 Nm                                 |
|---|--|
| Resolution  | 0.1 Nm                                 |
| Square drive  | 3/8 in                                 |
| Socket for plug-in head   | 9×12 mm                                |
| Weight  | 1570 g                                 |
| Torque measuring accuracy   | ±2 %                                   |
| Torque measuring accuracy   | ±3 %                                   |
| Exchangeable tool   | Plug-in head                           |
| Torque range  | 27 - 135 Nm                            |
| Number of batteries contained   | 1                                      |
| Overall length L  | 410 mm                                 |
| Reversible reading  | Nm                                     |
| Reversible reading  | lbfft                                  |
| Reversible reading  | lbfin                                  |
| Reversible reading  | kgfm                                   |
| Connection format   | for plug-in heads (rectangular socket) |
| Lever length without plug-in head [l <sub>1</sub> ]                               | 314.2 mm                               |
| Feedback  | displaying                             |
| Trigger principle   | mechanical short-travel release        |
| Adjusted reference dimension on the torque wrench $[I_2]$                         | 17.5 mm                                |
| Adjustable trigger value  | adjustable                             |
| Display   | digital                                |
| Setting the trigger value   | digital, adjustable                    |
