| Order number | 674117 TX30 |
| GTIN | 4013288224606 |
| Item class | 63H |

Description

Version:

Selected steel quality, hardening technique, production process, and special geometries lead to outstanding results with IMPACT screwdrivers. In connection with the diamond coating (significantly reduces cam-out forces) and the torsion zone, working lives up to 5 times **longer** than standard bits are achieved.

Application:

Due to their rotational impact function, IMPACT screwdrivers generate a number of peak forces, which "normal bits" cannot withstand over the long term. IMPAKTOR bits are specially designed for use in impact screwdrivers and, depending on the drive, increase the working life of the bits to several times the life of conventional standard bits.

overall length: 25 mm

Technical description

| | |
|----------------------------|------------------------------|
| Torx® profile | TX30 |
| overall length | 25 mm |
| Manufacturer's designation | 867/1 IMP DC |
| Drive profile | Screwdriver for TORX® screws |
| Type of product | Bit tool |
