

Shank with magnet / quick-change coupling, Hexagon shank: 6,3S

Order data

| | |
|--------------|---------------|
| Order number | 675020 6,3S |
| GTIN | 4013288111487 |
| Item class | 63H |

Description

Version:

Two-piece, i.e. shank and bit are separate. This means that in case of wear, only the relevant bit has to be replaced.

“**Rapidaptor**” adaptor with automatic **quick-release adaptor** and magnet for C 6.3 and E 6.3 bits (the magnet holds the screw).

- **Holder for C 6.3 and E 6.3 bits.**
- **The sleeve clicks into the open position. It locks automatically when a bit is inserted.**
- **Even the smallest bits can be removed without problems, since the sleeve lifts the bit away from the magnet.**

Quick change of bits, always one-handed.

Of stainless steel “Stainless”, without magnet.

Note:

Rapidaptor free-running coupling shank available from our eShop (No. 675035 size 6.3F).
