

Erdi**Universal snips, overall length: 280 mm**

Order data

Order number	767700 280
GTIN	4010220028315
Item class	73X

Description

Version:

Snip jaws made of **high quality steel** (HRC 60), offset for optimum hand freedom. Extra long, laterally offset blades for long, straight cutting. Handles of sheet steel, nickel-plated.

Cutting capacity: Aluminium / copper sheets up to 1.2 mm, standard metal sheets up to 1.0 mm, stainless steel (V2A) sheets metal up to 0.8 mm.

Advantage:

The offset jaws ensure the correct clearance between the hand and the material to be cut.

Application:

Particularly suitable for continuous long cuts and large radii in sheet metal, wire mesh, plastic screens, floor coverings, insulation materials, leather etc.

Length cutter: 64 mm
