

External and internal hole deburrer, Type: 2

Order data

Order number	839650 2
GTIN	7290003240647
Item class	83G

Description

Version:

By pushing the pressure bolt at the top of the handle, you can position the deburrer blade **vertically** for insertion into the drilled hole. The **cutting blade operates in both directions**. Rotating it 180° achieves easy deburring. The blade is exchangeable. A hexagon socket screwdriver for changing the blade is stored in the handle.

Application:

Ideal for external and internal hole deburring where access is difficult.

Technical description

for maximum hole depth t	17 mm
for hole Ø	5 - 10 mm
Type of product	Deburrers

Accessories

Spare blade with screw Type 2	839660 2
