

External and internal hole deburrer, Type: 3

Order data

Order number	839650 3
GTIN	7290003236664
Item class	83G

Description

Version:

By pushing the pressure bolt at the top of the handle, you can position the deburrer blade **vertically** for insertion into the drilled hole. The **cutting blade operates in both directions**. Rotating it 180° achieves easy deburring. The blade is exchangeable. A hexagon socket screwdriver for changing the blade is stored in the handle.

Application:

Ideal for external and internal hole deburring where access is difficult.
