Description

Version:

A particularly high-quality tape measure with a body made from glass-fibre-reinforced polyamide and automatic tape return.

For the perfect grip, the contact areas and stop button are coated with **2-component Haptoprene**.

Plain bearings with Teflon ensure smooth action and exceptionally easy running.

Innovative dampers of special rubber absorb the reaction energy and protect the wrist.

Aluminium profile inserted on the underside for precise standing.

A special clear lacquer protects the tape against wear. The additional anti-glare correction ensures clear visibility under all light conditions.
