

## Comfort safety glasses SecureFit™ 600, Lens tinting: I/O

### Order data

Order number	096203 I/O
GTIN	50051131273219
Item class	04M

### Description

#### Version:

The new safety glasses incorporate all the comfort features of the SecureFit™ family and offer a high-performance **premium coating** combined with **maximum comfort**. The **3M™ Pressure Diffusion Temple Technology** achieves an optimum pressure on any size of head, coupled with secure retention. Wide field of view and outstanding performance thanks to the **two lens design in a modern half-frame**. With **reflective lens for sunlight but without excessive darkening** (working alternately outdoors and indoors).

#### Standard:

EN 166 EN172

Frame properties: Adjustable nose pads

UV protection: Standard

Lens material: Polycarbonat

Lens identification: 5-1.7 3M 1 FT
