

Ear defenders Howard Leight™ Sync®, Type: SYNC

Order data

Order number	097790 SYNC
GTIN	7312550345108
Item class	09A

Description

Version:

The passive ear defender can be linked to a mobile phone using Bluetooth®. A microphone with wind protection, for clear comprehension of speech in noisy working areas, permits the **use of a mobile phone to make calls**. Incoming calls can be accepted and terminated without complications at the push of a button. In addition there is the facility via the **Bluetooth® interface to transfer all the audio functions of the mobile phone** to the ear defender. A 3.5 mm jack plug offers a second way of connecting a mobile phone. A rotary knob allows adjustment of the volume and colour LEDs give feedback on the various settings. An integral Lithium-ion battery with more than 16 hours operation can be charged via a USB cable. SNR = 32 dB (H = 33 dB, M = 30 dB, L = 24 dB).

Combines hearing protection, headphones and microphone.

Application:

For communication in noisy working environments.

Standard:

EN 352-1; EN 352-6; EN 352-8

Supplied with:

Supplied with a charger with USB connection and a cable with a 3.5 mm jack.

SNR value (noise attenuation): 32 dB(A)

Working time: 16 h

Weight: 309 g

Technical description

Manufacturer's designation	SYNC
Series	Howard Leight™ Sync®
SNR value (noise attenuation)	32 dB(A)
Working time	16 h
Weight	309 g
Power supply	Rechargeable battery-powered
