

Single gas detection device Pac® 6500, Type: H2S

Order data

Order number	097199 H2S
GTIN	4026056020539
Item class	09J

Description

Version:

The Pac® 6000 and 6500 personal single gas detection devices measure a specific gas quickly and precisely. Easy to operate thanks to the non-linguistic display, clear colour coding and sturdy easy-grip body. Three-fold alarm: acoustic, visual and vibration. Quick sensor response times under even rough conditions. Measurement and direct display of one of the following gases: CO (carbon monoxide), H₂S (hydrogen sulphide), SO₂ (sulphur dioxide) or O₂ (oxygen).

No runtime limitations, and more adjustment options and memory functions.

Function:

IP68: Protected against continuous submersion in water (watertight) and protected against penetration by dust (dust-tight), also completely protected against touching.

Note:

For safety technical reasons gas detection devices cannot be returned.

IP Index of Protection: IP 68

Sensor for gas type: Hydrogen sulphide

Measuring range: 0 - 100 ppm

Alarm threshold A1/A2: 5 / 10 ppm

Technical description

Sensor for gas type	Hydrogen sulphide
IP Index of Protection	IP 68
Alarm threshold A1/A2	5 / 10 ppm
Measuring range	0 - 100 ppm
Power supply	Battery-powered
chemical composition	Lithium thionyl chloride
Number of batteries contained	1
Battery type	Mignon, AA
Type of product	Single gas detection device
