Description

Version:

CC-GRIND-STRONG innovative 4-layer grinding disc combines the classic roughing disc with an underlay incorporating three layers of abrasive grit which gradually wear away. **Service life advantage compared to the CC-GRIND-SOLID abrasive disc**, because of the aggressive middle layers of grit and backing pad that wears away.

Application:

For **hard and rough abrasive tasks** in surface grinding, weld seam dressing, deburring, chamfering and descaling.
