

PARAT®**X-ABS tool case with base shell, 3 tool boards and TSA locks, Type: 1****Order data**

Order number	692641 1
GTIN	4006793001114
Item class	63X

Description**Version:**

X-ABS is extremely impact resistant, tough and thus **suitable for air travel**. The surface is scratch-resistant, **non-slip (rubberised effect)** and **does not damage surfaces**. Double aluminium frame with **integral toggle cylinder locks**, positioning hinges with stop, and base studs.

Internal fitments:

1 base shell with sub-divisions including tool board with 1 tool holder as a cover (No. 692750), 1 tool board with 2 tool holders (No. 692720), 1 tool board with 1 tool holder (No. 692730), 1 board for documents, fixed to the cover.

TSA locks: When travelling to the USA these locks can be opened for searching and relocked by the US "Transportation Security Administration" (TSA) using a master key. Forcible opening of the case (irreparably damaging the locks) for searching can thus be avoided.

Note:

Case available with other type of lock on request.

Technical description

Internal dimension length	460 mm
---------------------------	--------

Weight	5 kg
Internal dimension height	310 mm
Internal dimension width	190 mm
Material	X-ABS
Type of tool storage	Clamping toolholder
Case load capacity	30 kg
Characteristics case	suitable for air travel
Type of product	Tool transport system
