

Centre protector for shafts, External Ø: 48mm

Order data

Order number	881550 48
GTIN	2050001676030
Item class	83U

Description

Advantage:

Rotating centre permits higher tensile forces. Easy extraction even where the centring hole is too large or is absent.

Application:

Perfect **protection of the centre** when extracting bearings, sleeves, pulleys and gears. Extracting the components **without damage** (protects the end of the shaft).

Technical description

External Ø	48 mm
Type of product	Protective cap
