

**Sliding hammer, Hammer mass: 0,5kg****Order data**

Order number	882050 0,5
GTIN	4021176283697
Item class	83U

Description**Version:**

Sturdy extractor jig (galvanised) with ergonomically shaped sliding hammer.

Advantage:

Very suitable for use on deep-seated components.

Application:

For extraction and pulling off ball bearings in combination with internal extractors (No. 882600), using special adapters. Very versatile device for a wide variety of components. Energetic use of the sliding hammer pulls the components off.

Supplied with:

Extractor jig with appropriate adapters to suit various internal extractors.

Technical description
