

Swing-away and height adjuster with vice No. 967170, Vice jaw width: 120mm

Order data

Order number	967570 120
GTIN	
Item class	93R

Description

Version:

With "Matador" vice. Sturdy steel construction consisting of:

- **Vice No. 967170 size 120.**
- **Height adjuster for adjusting the vice to the correct working height. The vice can also be rotated 360°.**
- **Swing-away device permits the vice to be swung away under the workbench surface. The device is very easy to use. Only 1 lever has to be operated for swinging out and away, and for height adjustment. Weight is counterbalanced with a positive guidance when swinging away, and with a gas pressure spring during height adjustment.**

Application:

The vice can be swung out into the working position or swung away under the bench to provide additional space.

Height adjustment range: 155 mm

adjustable above workbench top: 30 - 185 mm

Weight: 16 kg
