Technical description

Height	275 mm
Drip catch volume	202 l
Weight	90 kg

Storage capacity 200 litre drums	3
Storage of drums in a row	yes
Drum contents	200 l
Width	1800 mm
Number of drums	3
Depth	800 mm
Floor loading	1000 kg/m ²
Material thickness	3 mm
Material	galvanised
Storage	Storage of flammable substances permitted
Storage	Storage of corrosive substances prohibited
Storage	Storage of environmentally polluting substances
Storage	Storage of water polluting substances class 1-3
Type of product	Drip tray
