Description

Version:

Large wheelie bin in tapered plastic body shape. Stabilising ribs at the top edges. Cover with all-round sealing lip for condensate. The lid handles are easy to hold and are arranged obliquely. 4-piece hinges (size 80: 2-piece hinges) with hinge pin retainers. Reinforced base with patented arrangement of axles. Sturdy external chassis with robust reinforced axles and free-running wheels. Noise-suppressed cover opening satisfies the noise reduction regulations to the EU directive 2000/14. Enhanced container stability due to special design of the base, with through axle contour.

Standard:

DIN EN 840-1, 5 und 6.
