

**Full-face mask Series 6000, Size: L**

---

**Order data**

Order number	097240 L
GTIN	4046719719846
Item class	04M

---

**Description****Version:**

The lightweight mask body in compact design permits an unrestricted view of the working area and promotes good working results in a working environment that demands the use of a full-face mask. The scratch-resistant glass offers **additional eye protection** when working with substances such as asbestos, hydrochloric acid and ammonia. **Double filter system** for reduced breathing resistance and good weight distribution. Due to the bayonet click fit system the exchange of the filters is uncomplicated and quick.

**Standard:**

EN 136 Klasse 1

Colour code for suitable accessories: 3M™ bayonet

Lens coating: scratch-resistant

Lens material: PMMA

Filter connection: 3M™ bayonet system

Weight: 400 g

Manufacturer's designation: 6900L

---
