

Ear defenders Peltor™ Optime™ helmet series, Type: 1

Order data

Order number	097753 1
GTIN	4046719382675
Item class	04M

Description

Version:

Due to their low weight, ear defenders are comfortable to wear and are easily combined with other protective work wear. The comfortable sealing rings are a mixture of foam and gel, which provides an optimum seal combined with great comfort for continuous use.

The **helmet version** of the Peltor™ Optime™ series has the same shell characteristics as the version with a headband. With just a few movements of the hand can easily be mounted on a helmet with 30 mm Euro-slot socket. SNR = 26 dB (H = 32 dB, M = 23 dB, L = 15 dB).

Note:

Suitable helmets are listed under No. 097815 (3M), No. 097802 (Schuberth). Hygiene kits are listed under No. 097764, 097748.
